# Singing in the Rain Flowers Embroidery Pattern

This pretty floral embroidery hoop is inspired by the flowers in my Singing in the Rain fabric collection! It's a great embroidery hoop art piece for display, or use it in a pillow or frame! It's sure to brighten up your space, however you choose to make it!

This PDF Pattern includes a color version for easy color identification, a black and white version for easy printing and a reversed image if you'd like to use that for transferring the pattern. The design is sized for an 8" embroidery hoop. I stitched the sample on white tone on tone Blossom fabric and the hoop is trimmed with ball pom pom trim for an extra bit of color!

Please let me know if you have any questions or need any help! You can email me at [bev@flamingotoes.com](mailto:bev@flamingotoes.com). I'd love to see any photos of the pattern that you stitch up too! You can follow me on Facebook at <https://facebook.com/flamingotoes> or Instagram at <https://instagram.com/flamingotoes>.

Thanks for stitching!

Bev

## Materials:

## Finishing Information:

Trim fabric to 1/2" around the edge of the hoop. Glue the fabric to the back side of the hoop.

Optional:

Trim your hoop in pom pom or other trim or stain the hoop for a darker, more finished look.

If you're giving the hoop as a gift, cut an 8" felt circle and glue to the back side of the hoop.
